

## Annual Teachers Meet at the Kiran Nadar Museum of Art

The workshop started with a beautiful printmaking exercise (block printing on tote bags). It was followed by a walk through the museum. It included going through the photography exhibition consisting of photographs clicked by the esteemed photographer Mr. Raghav Rai. His work includes photographs of some grain personalities like Dalai Lama, Mother Teresa and many other Indian political leaders. There was a small lecture on various mudras by the famous bharatnatyam dancer Shreyasi. It was followed by a conversation session with Ms. Roobina, the founder of the museum. The event was concluded with lunch. It was a wonderful experience altogether.
