**ADVISORY TO PARENTS**

**PREVENTION AND CONTROL OF VIRAL INFECTION**

Dear Parents,

1. Our students' health and well being has always been our prime concern. With the appearance of various virus borne diseases, we intend to be extra cautious with each child's safety as viral infection is highly transmissible among children. The sign and symptoms of viral infection are as follows:

- Fever
- Cold, Cough
- Sore throat
- Headache and Bodyache
- Nausea and vomiting
- Giddiness
- Difficulty in Breathing
- Loss of appetite

2. Following are DO's & DON'Ts of viral infection:

DO's	DON'Ts
<ul style="list-style-type: none"><li>• Use Face Mask and cover the face while coughing and sneezing</li><li>• Wash Hands Frequently</li><li>• Maintain social distancing</li><li>• Take Doctor's advise, plenty of fluids and rest in case of fever</li><li>• Wear proper woolen clothes / uniform</li></ul>	<ul style="list-style-type: none"><li>• Parents of ailing children must refrain from sending their child to school. Inadequate rest of the child may worsen the illness.</li></ul>
