12 JAN 2023

SCHOOL DISCIPLINE
CLASSES VI TO XII

Dear Parent,

1. For every academic session a schedule of Periodic Test / Exam is planned for the teaching learning process. Breaks / Preparatory days are also carefully planned whenever required in between the Examinations.
2. It has been observed that during Periodic Test, students tends to absent themselves on the day when the exams are not scheduled. This trend results in loss of working hours and hampers teaching learning process. It also beats the very purpose of conducting the Periodic Test.
3. Periodic test with limited syllabus are part of regular studies and do not require students to absent themselves. Please note that w.e.f. 16 Jan 2023 students who have absented themselves a day before the test will not be permitted to appear in the examination except for approved leave and medical emergencies.
4. You are requested to ensure that your ward attend the school regularly. Kindly also ensure that your ward wear proper school uniform (including shoes) and does not bring any unauthorized items / electronic devices i.e. cell phone, smart watches etc.
5. Seeking your co-operation.

Principal
