

Dear parents and students,

We at the Air Force Bal Bharti School not only aim to make our students attain highest levels of academic excellence but also guide them to be responsible, productive, and caring members of society.

As a part of our career guidance program, we have introduced a novel initiative to motivate students towards a career in the Civil Services which plays a vital role in nation building

Lakhs of aspirants appear for the coveted Civil Services Examination each year after attaining professional qualifications, like engineering, medical etc. Therefore, most of them have a late start which leads to short term careers and reduced progression span in the Civil Services.

To provide an early advantage, we have organized a seminar for guiding and motivating our students for a career in the Civil Services on **15th May 2023** at 9:45 Hrs at 11 Hrs

Do not miss this opportunity of clarifying your doubts regarding Civil Services Examination preparation from specialists in the field. This will help your child to unleash his/her true potential and fulfil his/her dream of becoming an IAS/IPS/IFS officer.

We look forward to your gracious presence for this event.

Principal,
Air Force Bal Bharti School
