

## CULINARY CLUB REPORT

- JANUARY

### 1. Logo Making

In this task, the members had to create a logo for the culinary club and the best one was selected to be used as the logo of our club for this session.

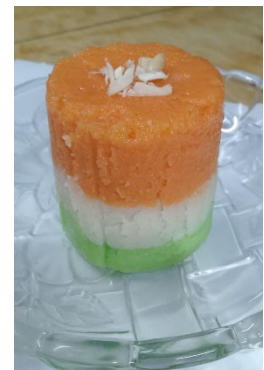

Almost all students participated in the first task. Most students did amazingly but I believe that some students still possess a room for improvement.

### 2. Republic Day Celebration

In this task, the students mixed patriotism with creativity and made very unique and amazing dishes which represented the tiranga.

More than half of the students participated in this task and the performance was splendid. All the dishes made by students were compiled in a video.

3. Later, we had asked students about their ideas for our upcoming competition and there was an amazing response by the students.

- FEBRUARY

### Competition 1

The Culinary Club collaborated with the Nature's Appreciation Club and came up with a competition for the occasion of Basant Panchami. The students created a dish revolving around the concept of Basant Panchami with a touch of nature. It was open for classes 6th to 12th. It took place from the 1st of February till the 5th of February.
