

Class 5 Educational Excursion to Prime Minister's Museum

Class 5 students visited the PM museum on 16th and 17th July 2023. The children were escorted by the teachers who even guided them about the details of the exhibits in the museum. They educated them about the developments done in the Times of all the Prime Ministers since the Independence of our nation.

It was an enriching experience for the students to know about the great history of India and its leaders in the past and in the present.
