

## RC ACTIVITY WEEK

### Class V

Students made the Newton's Disc, where all the rainbow colors appear white when spun together. A scientific lesson learnt in the play way method.

## WATER CONSERVATION CAMPAIGN (Jal Shakti Abhiyan)

Water is life and we must save water to sustain life. Students of class 5 were made aware of the importance of water by showing them videos depicting why should we preserve and not waste water, followed by poster making by students.

## SPECIAL ASSEMBLIES

### CLASS UKG

The assembly paves the way for our students to rejuvenate their spirits, remain rooted to the moral values and unleash their vitality. We in kindergarten conducted a special assembly where every child from each section was given the opportunity to perform and present themselves as individuals. Guided by their mentors, the assembly included news, thought of the week, enactment on self cleanliness and a dance performance. Comparing too was done by kindergarten children.

## CLASS I

Special Assembly by class 1 showcased Mother Nature and importance of saving our ecosystem for the survival of mankind. Children beautifully dressed as animals put up a great show with confidence and enthusiasm.

## CLASS II

Celebrating the joys of Mother Nature, Class II presented programmes on importance of saving water and tress. The children showcased their talent in the Nukkad Natak, action song, a dance drama and a musical.

## CLASS III

The students of class 3 conducted well planned 'Special Assembly' focusing on the use of magic words, importance of trees in our lives and magic of water through short skits. This was followed by jingel on nouns and part of a sentence.

## CLASS IV

The Special Assembly conducted by all the sections of Class 4 on 30 th July 2019. Promoting thoughts of Unity in Diversity, Service before Self, Sharing is Caring, Importance of balanced diet, Achievements of Mountaineers; every child exhibited confidently as an individual.

## CLASS V

Special assembly conducted and organized by students of class five was not only beautifully presented but the message ranged from pollution to Unity in diversity, light bags and saving water ,trees ,sky and land.

The event was enjoyed by one and all and appreciated by the Headmistress.
