REPORT

The Department of Chemistry in collaboration with the Innovation club "Nirmaanam" conducted 'Oh! I See' a pictorial intra-section quiz competition for the students of Class-IX on 11th February 2022.

Quiz took place on the platform "Quizzing" which had creative visual and audio tools.

Only one round was conducted with questions based on different pictures and 30 seconds were given for answering each question.

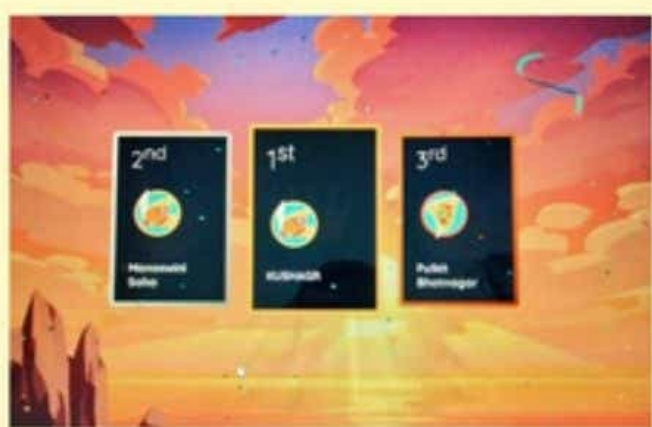

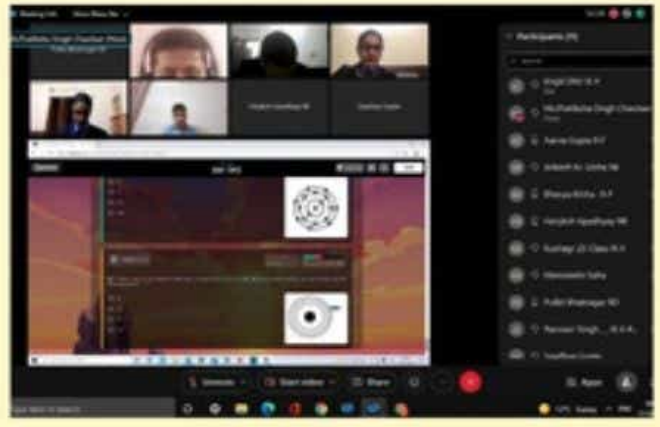

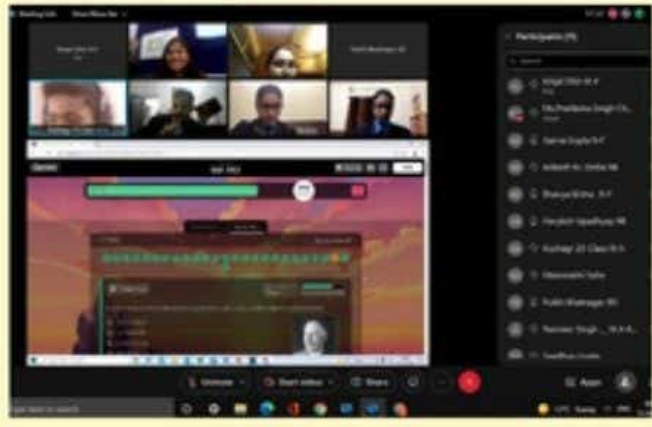

The winner on the leader board was one who attempted maximum correct questions in the least amount of time.

We received a very enthusiastic participation from all our students. Guidance of our T.I and coordination between our team members made this competition an overall success!

nice day
