**OCTOBER 2021**

# NOVEMBER 2021

We conducted a seminar on mental health and exam stress on 27th November. A google form, with reference to the seminar, was distributed among students a few days ago where we got enthusiastic responses.

Keeping Diwali in our minds, two competitions were organised for classes 6th-8th — Diya decorating and Rangoli making.

# DECEMBER 2021

In celebration of Christmas, we organised a Christmas tree drawing, ornament making and Baking competition for senior students.

# INTERACT INSTALLATION CEREMONY

The Installation for the Interact team of the year 2021-2022 took place on the 28th of December 2021. We were graced with the presence of Silver medalist wrestler, Ravi Kumar Dahiya as we felicitated the new team and bid farewell to the outgoing one.

# JANUARY 2022

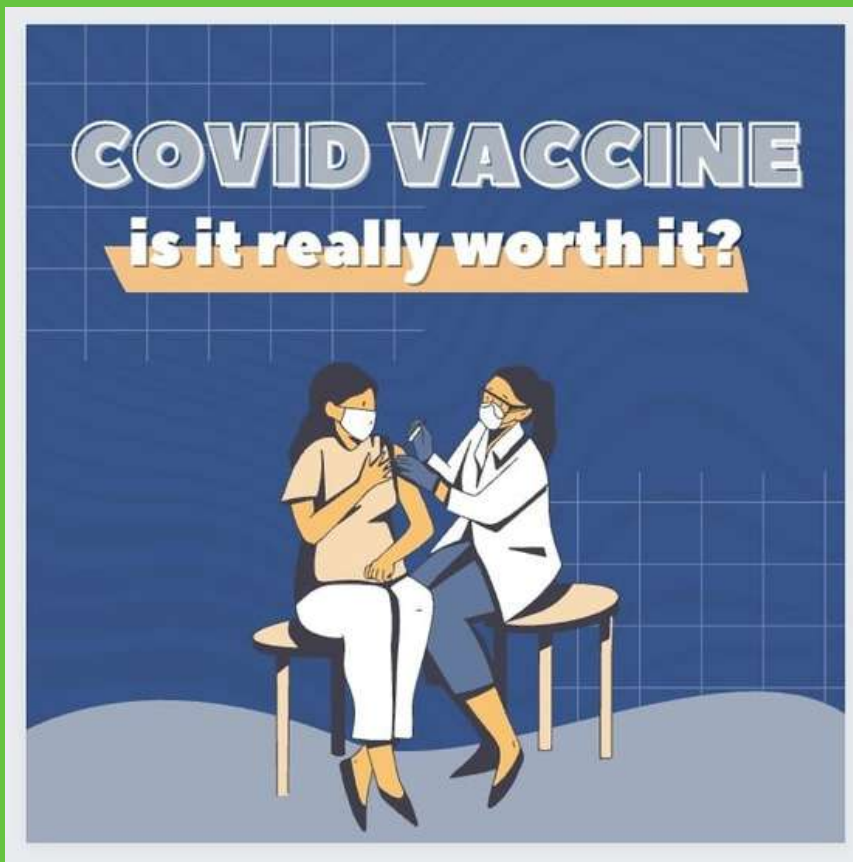

We had organised an infographic designing activity for Interact members, based on vaccination. The best five infographics have to be posted along with a post giving more information about the topic. The rest were uploaded on Interact's story to increase our reach.

Instagram

Moving forward, we plan on continuing to post the infographics to spread awareness about vaccination. Moreover, a meeting will soon be conducted to decide the theme for February. We have already started working on the posts we plan to upload in the next few days.
