

## Unmix Te” Mix

The Innovation Club held a competition named ‘Unmix Te” Mix’ on 11<sup>th</sup> October, 2023 in the ATL Lab. The students from the sections of 9<sup>th</sup> represented their classes in a team of 2. They were to clear 3 Rounds which were Separation of Mixtures, Arrangement of Elements and Identification of Apparatus respectively. Each team participated in the competition with a lot of enthusiasm and gusto.

In the first round, the teams were to separate the 7 samples given to them based on their knowledge through different techniques of separation. After clearing the first round, the teams were to arrange the elements on the basis of their atomic number from 1 to 20 in the second round. The last round was the identification of the 20-apparatus showcased.

This competition was time-based and thus the team who cleared the 3<sup>rd</sup> round first and had the maximum answers correct was declared as the winner.
